ABOUT YOUR PROGRAM

This is a *customized* program. If your customer requires an alteration to the standard specifications, please call our Customer Service Department. Special quotes are available upon request. Items manufactured outside of the standard specifications may take additional manufacturing time and cancel warranty. We reserve the right to refuse any special request.

CANCELLATION OF ORDERS

Once production has begun (usually within hours after order is received), the order CANNOT be cancelled. If the order has NOT BEEN STARTED, request a "Cancellation Number" and keep that number on file.

Use metal tape when measuring – not cloth. Measure to top of carpet pile – do not press down.

NOTE: Vertical Shadings are **NOT** recommended as inside (IB) mounts due to light gaps that occur on the sides of the sheer when vanes are closed.

① Inside mount deductions: fabric -1/4", headrail width side stack -1 1/2", headrail width split stack -1 1/4".
Outside mount deductions: fabric - ordered width, headrail width side stack -1 1/4", headrail width split stack -1".

② Moving wand is only available with OB mount, side stack.
