Sheer Shadings with Cordless Lift
CLASSIC | Dried Basil N8065

design simplified™

It's sheer genius to have both privacy and light from one shade. How? Tilting fabric vanes float between two sheer panels, making our Sheer Shadings masterful in nuanced brightness control — with the familiar functionality of our beloved blinds.

Let's go window shopping.

GOOD DAY SUNSHINE

Manage how you embrace a sunny day with a simple vane tilt adjustment that ranges from fully open to totally closed, making you the master of both your ambiance and your climate. Cooler temps, protected furnishings and bespoke views all at your fingertips.

from glaring to gorgeous

Lowered shadings with open vanes softly filter sunlight through the sheer panels to transform your room.

IN THE GLOW ZONE

As if you were in the perfect artist's studio, our Shadings both diffuse and disperse light deep into the room, instantly increasing the chances you'll have a good day. It's a fact, sunshine is a mood-enhancer, making Shadings the perfect partner to both protect your artwork and encourage that extra yoga stretch.

no moiré

Alta fabrics are designed so that the view is virtually free from *moiré*, the distortion typically seen when sheer fabrics are layered.

A COZY COCOON

Whether streaming your favorite show, managing your video meetings or securing a good night's sleep, a darkened environment is ideal. Our library of light-dimming fabrics gives you designer choices that will turn day into night with the comfort of privacy. At least from your neighbors.

have it your way

With Alta's automated control options, you can wake up to open Sheer Shadings, or adjust them remotely whenever it suits you.

WE'RE SO VANE

*When it comes to inspiring design united with fabulous functionality, that's a good thing!
Our Sheer Shadings offer features to fit your lifestyle and flatter any window.*

VANE STYLES

Select a vane style based on window size or desired amount of view-through at the window.

2" VANE STYLE

Perfect proportion for smaller windows.

2½" VANE STYLE

Great for most standard windows.

3" VANE STYLE

Ideal for larger windows for greatest visual impact.

FABRIC OPACITY

TRANSLUCENT

Diffuses light and provides a soft glow with privacy when closed in the daytime.

LIGHT DIMMING

Dramatically reduces the light and provides privacy when closed day or night.

MOUNTING OPTIONS

INSIDE MOUNT

Specify inside mount if your window has the proper depth.

OUTSIDE MOUNT

Specify outside mount to ensure the greatest amount of light control. Ideal solution for windows with shallow depth.

BLISS ASSIST

Relax, we've got this. With our wire-free Bliss™ Automation system, your smart device can adjust your Sheer Shadings just by asking — tap or talk, and keep your hands free for more important stuff.

CONTROL OPTIONS

AUTOMATION

The ultimate in ease and convenience, our automated systems control all your shadings with a remote or via an app on your smart device, or your voice.

POWERWAND™

The PowerWand™ operates shadings with the touch of a button. PowerWand is affordable and rechargeable too.

CORDLESS LIFT

A light pull on the handle lifts and lowers the shading and tilts the vanes. A safe choice for homes with children and pets.

RETRACTABLE WAND

A gentle pull on the single wand raises and lowers the shading and tilts the vanes for exact light and privacy control.

let's talk safety

We love your kids. (And pets.) When it comes to safety, we take our role seriously, beyond design and operation. Our products proudly carry the "Best for Kids" designation.

DESIGN OPTIONS

TWO-ON-ONE HEADRAIL OPTION

Two independently operating shadings share the same headrail for a cleaner, more unified look. Ideal for wide-set windows and patio doors.

FABRIC-COVERED HEADRAIL

Color-coordinated fabric covers the headrail, providing a seamless, custom look.

SHEER SHADINGS OPERATION

lowered & open

Vanes tilt open only when shading is lowered all the way.

lowered & closed

Vanes tilt closed when shading is lowered all the way.

raised & closed

Vanes remain closed when shading raises and lowers. Vanes do not tilt when raising and lowering.
