How Does Check by Fax work?

Make your check payable to Essex Sales & Marketing Group, Inc
Sign it, date it and then tape it above and fax it to us. Our computer will convert it into a bank check. Please be sure the words CHECK BY FAX and your account number appear at the top of the form.

You may file the original check. Do not mail the check. This is as fast as a credit card transaction but it is easier and pay no interest.

Please include a list of the invoices that you wish this payment be applied to.
